1.4.1 Feedback about the Course and Curriculum

Smt. P N Doshi Women's College is continuously striving to provide the best possible opportunities for learning in order to maximise the potentials of each student in academics and development of a holistic personality. This is ensured by focussed planning implementation of innovative pedagogy and a 360-degree evaluation and feedback from all the stakeholders-Students, Alumni, Parents, Teachers and Industry professionals where our students undertake internships. Feedback from the stakeholders plays an important role in the evaluation. development and enhancement of the quality of the learning experiences provided by the institution through Curriculum. This also helps the college to evaluate how its courses are experienced by the stakeholders and suggest changes as per their feedback. Opinion of these stakeholders on the Curriculum and courses is valuable for us. This feedback is substantial for providing inputs regarding improvement in course work for both theory and practical. In this context, feedback from students, teachers, parents, alumni and industry experts was collected and analysed.
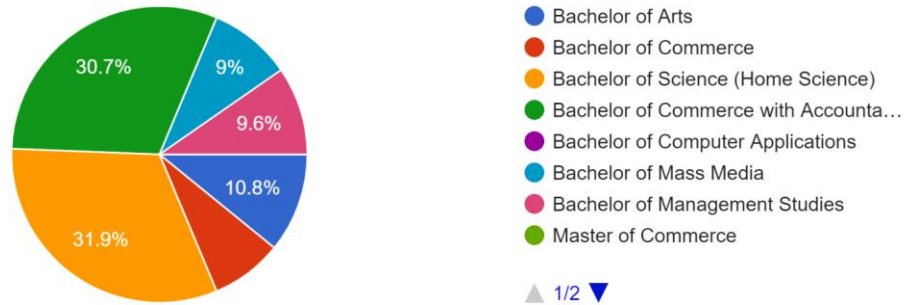

STUDENTS FEEDBACK ON CURRICULUM

Feedback Action Taken Report 2022-2023

Feedback from the stakeholders plays an important role in the development, evaluation and enhancement of the quality of learning experiences provided by the institution through the Curriculum.

A structured feedback form was created using Google Form for all stakeholders-Students, Alumni, Parents, Teachers and Industry Experts. The respective Faculty Heads and professors sent the forms to all the stakeholders. The stakeholders completed the forms within the deadline given. The data was collated, analyzed and interpreted.

The feedback and valid suggestions about the courses were conveyed to the Principal. She then conveyed the suggestions to the Heads and Co-ordinators in Heads' Meeting. All the staff members who are on the Board of Studies of respective subjects were informed about the suggestions. The staff members appointed on the Board of studies shared these suggestions in the meetings of Content Analysis Workshops and syllabus revision meetings and appropriate suggestions are implemented.

Based on the feedback from the Students, Parents and Industry Experts', relevant add-on courses and employability skills training were introduced by various faculties. The feedback of the students with regards to specific subjects and curriculum is conveyed to the respective teachers by the Principal in Faculty meetings and also on one-to-one basis with an open discussion on areas that need improvement through confidential reports.

Feedback was also received from students and parents with regards to the cleanliness of the Institution and Campus. The management has taken initiatives to improve the infrastructure, maintain the cleanliness and hygiene by appointing extra support staff and nominating student volunteers and teachers to monitor the same.
