**About Smt. P. N. Doshi
Women's College
High Performing Institute
(Accredited "A" grade by NAAC in
Three Consecutive Cycles)**

Smt. P. N. Doshi Women's College, Ghatkopar, Mumbai, established in the year 1960 is managed by Shri Pandit Ratnachandraji Jain Kanyashala Trust and conducted by Sarvajanic Education Society. The College is affiliated to SNDT Women's University, Mumbai.

The vision of our Institution is to Educate, Enlighten and Empower girls. The Institution strives to motivate the weak, address the average and challenge the gifted. The founders of this institution subscribed to the maxim of 'Beti Bachao, Beti Padhao'. The institution provides education supported by various financial schemes to nearly 5000 girls.

It is a multi-faculty institution. The institution offers Graduate Programs in Arts, Commerce, Home Science, Computer Applications, Management Studies, Mass Media, and Accountancy & Finance, Post Graduate Programs in Commerce (Finance) and Arts (Industrial Psychology and Counselling Psychology) and also Junior College affiliated to the State Board and Diploma Institute.

The guidance and vibrant learning atmosphere provided by our well qualified teachers help students respond to stimulating challenges, which coupled with excellent infrastructure facilities and support services lead to a successful "learning" experience.

About FDP

The pandemic radically shook the existing traditional method of the Indian educational system. In a way, it opened the doors for a plethora of digital innovations in the field of education, shifting the Indian educational system to an online mode of learning and creating opportunities for skill development.

For new-age teachers, it became imperative to capitalize on the advantages of online platforms and methodologies and adapt to the mantra of e-learning on digital platforms. With the flexibility to learn anytime and anywhere and the possibility to personalize learning levels to match one's learning curve, the new way of teaching offers something that was never possible before. With the introduction of Massive Open Online Courses (MOOCs), online education entered into an era of self-directed and open learning designed for mass participation. Especially in the domain of higher education, it became clear that technology cannot replace teachers but technology in the hands of teachers can be revolutionary. All of these transformations call for the teacher to move beyond a sole focus on the textual content to that on the nuances of creating and delivering e-content through a well-planned process.

With such a view to facilitating the process of e-content creation and delivery, we announce a Faculty Development Program on Teaching-Learning Digital Skills in the 21st Century.

Objectives

- To assist faculty members in the creation of E-content for use in online teaching and learning.
- To prepare academia for the creation and distribution of electronic content
- To gain a better understanding of the planning, design and implementation of online courses for MOOCs.

Expected Outcomes

After successful completion of the online program, the participants will be able to

- Design interactive E-content in their domain using open source software and various Teaching-Learning Tools.
- Incorporate OERs in E-content and MOOCs.
- Effectively manage and conduct online classes and make it interactive.
- Create online assessment, evaluation and feedback structure.
